Subject : Contract No. 424-925-2

(INCORPORATED)

Gentlemen:

This will confirm the telephone conversation with [Redacted] on 9 October regarding the modification in the basket for the Model I air-fed incinerator. You are hereby authorized to roll the lip on the bottom plate of the basket. This lip should be no more than 7/16 inch in height, and the height of the basket should be increased by the amount of the lip in order to compensate for the restriction to the cross-sectional area of the basket.

25X1

It is requested that the rolling of this lip be done in such a manner as to minimize any thinning of the metal in the rolled area.

We would like to again remind you of your agreement to store all classified documents in a bank safety deposit box.

Distribution:

Very truly yours,

Orig - Addressee

1 - 424 (Official)
